

Safe & compassionate care,
every time

Welcome to the division of specialist services

The division of specialist services is the largest division within Buckinghamshire Healthcare NHS Trust, and probably the most complex with many high-risk services. We cover a unique mix of specialties across the Trust; providing clinical services in our acute hospitals, community services for children and young people as well as support services such as radiology and pathology across all our sites.

Our division is made up of three distinct directorates:

Women's and children's

- Children and young people's community care
- Acute paediatrics
- Neonatology
- Maternity
- Obstetrics
- Gynaecology
- Fertility
- Sexual health

National Spinal Injuries Centre

Services include:

- Psychology
- Urology
- Occupational therapy
- Physiotherapy
- Rehabilitation
- Surgery

Clinical support services

- Radiology
- Pathology
- Therapies
- Cancer & haematology
- Pharmacy

Nursing in specialist services is a unique experience, providing multiple opportunities for learning in different areas.

We are committed to investing in our nurses and our practice development teams will support you in your career progression. When you join us as a newly-qualified band 5 we will spend time with you, looking at your skills and aspirations and identifying your personal development plan to give you the skills you need to develop your career the way you want. We support our experienced nurses with enhanced skills, ongoing training and the opportunity to mentor and support more junior colleagues.

Joining the specialist services division will give you the chance to work with internationally recognised experts in their fields, an enthusiastic and dedicated multi-disciplinary team and in an environment where continual learning is encouraged.

Be the future
