

Non-geographical telephone numbers

The Trust uses a small number of non-geographical telephone numbers to enable patients to contact some community services. This helps our patients keep in touch with us whenever a service moves to a different location as the numbers can remain the same.

Calls to all of our 0844 numbers cost 5p per minute plus your telephone company's Access Charge. Please note that 0844 numbers are usually *not* included in the 'free' bundled minutes in telephone contract deals.

The equivalent local telephone numbers below are provided for patients that would prefer to use them instead of a 0844 number.
