

Our PALS team can help you (patient advice and liaison service)

We can help you ...

Find out about services in the NHS

You can talk to us about anything to do with the NHS

You can tell us if something is good

You can tell us if something is bad
or you are worried about something

We will try to make things better

We keep the things you tell us private

We only talk to health workers if you want us to

If you, or someone else, is in danger we
might not be able to keep things private.

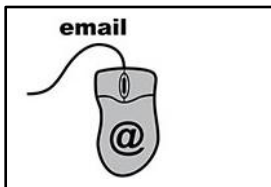

We will talk to you about this.
