

Independent auditor's report to the Directors of Buckinghamshire Healthcare NHS Trust

Report on the Audit of the Financial Statements

Opinion on financial statements

We have audited the financial statements of Buckinghamshire Healthcare NHS Trust (the 'Trust') and its subsidiaries (the 'group') for the year ended 31 March 2022, which comprise the Consolidated Statement of Comprehensive Income, the Statements of Financial Position, the Consolidated Statement of Changes in Equity, the Statement of Changes in Equity, the Statements of Cash Flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and international accounting standards in conformity with the requirements of the Accounts Directions issued under Schedule 15 of the National Health Service Act 2006, as interpreted and adapted by the Department of Health and Social Care Group accounting manual 2021 to 2022.

In our opinion, the financial statements:

- give a true and fair view of the financial position of the group and of the Trust as at 31 March 2022 and of the group's expenditure and income and the Trust's expenditure and income for the year then ended;
- have been properly prepared in accordance with international accounting standards as interpreted and adapted by the Department of Health and Social Care Group accounting manual 2021 to 2022; and
- have been prepared in accordance with the requirements of the National Health Service Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law, as required by the Code of Audit Practice (2020) ("the Code of Audit Practice") approved by the Comptroller and Auditor General. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial statements' section of our report. We are independent of the group and the Trust in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We are responsible for concluding on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the group's and the Trust's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the auditor's opinion. Our conclusions are based on the audit evidence obtained up to the date of our report. However, future events or conditions may cause the group or the Trust to cease to continue as a going concern.

In our evaluation of the Directors' conclusions, and in accordance with the expectation set out within the Department of Health and Social Care Group accounting manual 2021 to 2022 that the group and Trust's financial statements shall be prepared on a going concern basis, we considered the inherent risks associated with the continuation of services provided by the group and Trust. In doing so we had regard to the guidance provided in Practice Note 10 Audit of financial statements and regularity of public sector bodies in the United Kingdom (Revised 2020) on the application of ISA (UK) 570 Going Concern to public sector entities. We assessed the reasonableness of the basis of preparation used by the group and Trust and the group and Trust's disclosures over the going concern period.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the group's and the Trust's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the Directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

The responsibilities of the Directors with respect to going concern are described in the 'Responsibilities of the Directors and Those Charged with Governance for the financial statements' section of this report.

Other information

The Directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Other information we are required to report on by exception under the Code of Audit Practice

Under the Code of Audit Practice published by the National Audit Office in April 2020 on behalf of the Comptroller and Auditor General (the Code of Audit Practice) we are required to consider whether the Annual Governance Statement does not comply with the guidance issued by NHS England or is misleading or inconsistent with the information of which we are aware from our audit. We are not required to consider whether the Annual Governance Statement addresses all risks and controls or that risks are satisfactorily addressed by internal controls.

We have nothing to report in this regard.

Opinion on other matters required by the Code of Audit Practice

In our opinion, based on the work undertaken in the course of the audit:

- the parts of the Remuneration and Staff Report to be audited have been properly prepared in accordance with international accounting standards in conformity with the requirements of the Accounts Directions issued under Schedule 15 of the National Health Service Act 2006, as interpreted and adapted by the Department of Health and Social Care Group accounting manual 2021 to 2022; and
- based on the work undertaken in the course of the audit of the financial statements and our knowledge of the Trust, the other information published together with the financial statements in the annual report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

Under the Code of Audit Practice, we are required to report to you if:

- we issue a report in the public interest under Section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we refer a matter to the Secretary of State under Section 30 of the Local Audit and Accountability Act 2014 because we have reason to believe that the Trust, or an officer of the Trust, is about to make, or has made, a decision which involves or would involve the body incurring unlawful expenditure, or is about to take, or has begun to take a course of action which, if followed to its conclusion, would be unlawful and likely to cause a loss or deficiency; or
- we make a written recommendation to the Trust under Section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit.

We have nothing to report in respect of the above matters except on 31 May 2022 we referred a matter to the Secretary of State under section 30(b) of the Local Audit and Accountability Act 2014 in relation to the Trust's ongoing breach of its breakeven duty for the three-year period ending 31 March 2022.

Responsibilities of the Directors and Those Charged with Governance for the financial statements

As explained in the Statement of directors' responsibilities in respect of the accounts, the Directors are responsible for the preparation of the financial statements in the form and on the basis set out in the Accounts Directions, for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the group's and the Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they have been informed by the relevant national body of the intention to dissolve the Trust and the group without the transfer of the services to another public sector entity.

The Audit Committee is Those Charged with Governance. Those Charged with Governance are responsible for overseeing the group and Trust's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. Owing to the inherent limitations of an audit, there is an unavoidable risk that material misstatements in the financial statements may not be detected, even though the audit is properly planned and performed in accordance with the ISAs (UK).

The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the group and Trust and determined that the most significant which are directly relevant to specific assertions in the financial statements are those related to the reporting frameworks (international accounting standards and the National Health Service Act 2006, as interpreted and adapted by the Department of Health and Social Care Group accounting manual 2021 to 2022).
- We enquired of management and the Audit Committee, concerning the group and Trust's policies and procedures relating to:
 - the identification, evaluation and compliance with laws and regulations;
 - the detection and response to the risks of fraud; and
 - the establishment of internal controls to mitigate risks related to fraud or non-compliance with laws and regulations.
- We enquired of management, internal audit and the Audit Committee, whether they were aware of any instances of non-compliance with laws and regulations or whether they had any knowledge of actual, suspected or alleged fraud.
- We assessed the susceptibility of the group and Trust's financial statements to material misstatement, including how fraud might occur, evaluating management's incentives and opportunities for manipulation of the financial statements. This included the evaluation of the risk of management override of controls, risk of judgements derived by management with high estimation uncertainty and other fraud risks including fraudulent recognition of revenue and incompleteness of expenditure and associated liabilities. We determined that the principal risks were in relation to:
 - management override of controls
 - improper revenue recognition
 - the valuation of the Trust's land and buildings
 - improper expenditure recognition, in particular, the completeness of operating expenditure and associated creditor balances
 - improper expenditure recognition, in particular, the existence of payable balances
 - the risk of material error in the accuracy and presentation of the PFI liability and associated disclosures
- Our audit procedures involved:
 - identifying and testing unusual journals made during the year and at the year end for appropriateness and corroboration;
 - challenging assumptions and judgements made by management in its significant accounting estimates in respect of property, plant and equipment valuations, year end activity, and the existence, accuracy and completeness of receivables, payables, provisions and deferred income;
 - evaluating the rationale for any changes in accounting policies, estimates or significant unusual transactions;
 - testing, on a sample basis, any non block contract income and year end receivables to agreements, invoices or other supporting evidence such as correspondence from your commissioners.
 - testing, on a sample basis, income and year end receivables from other operating revenue to invoices and cash payment or other supporting evidence;
 - challenging the information and assumptions used by the valuer to assess completeness and consistency with our understanding;
 - searching for unrecorded liabilities by performing a substantive sample test of invoices input on to the accounts payable system post period end;
 - reviewing your updated PFI models and assumptions contained therein;

- Reviewing and testing the output produced by your PFI models to generate the financial balances within the financial statements; and
- challenging management on accruals where the goods/service do not appear to have been received in the year and where no third party invoice or payment has been made.
- These audit procedures were designed to provide reasonable assurance that the financial statements were free from fraud or error. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error and detecting irregularities that result from fraud is inherently more difficult than detecting those that result from error, as fraud may involve collusion, deliberate concealment, forgery or intentional misrepresentations. Also, the further removed non-compliance with laws and regulations is from events and transactions reflected in the financial statements, the less likely we would become aware of it.
- The team communications in respect of potential non-compliance with relevant laws and regulations included the breach of the Trust's break-even duty for the three-year period ending 31 March 2022, the potential for fraud in revenue and expenditure recognition, and the significant accounting estimates related to the valuations of the Trust's land and buildings and the PFI liability and associated disclosures.
- Our assessment of the appropriateness of the collective competence and capabilities of the group and Trust's engagement team included consideration of the engagement team's:
 - understanding of, and practical experience with audit engagements of a similar nature and complexity through appropriate training and participation
 - knowledge of the health sector and economy in which the group and Trust operates
 - understanding of the legal and regulatory requirements specific to the group and Trust including:
 - the provisions of the applicable legislation
 - NHS England's rules and related guidance
 - the applicable statutory provisions.
- In assessing the potential risks of material misstatement, we obtained an understanding of:
 - The group and Trust's operations, including the nature of its income and expenditure and its services and of its objectives and strategies to understand the classes of transactions, account balances, financial statement consolidation processes, expected financial statement disclosures and business risks that may result in risks of material misstatement.
 - The group and Trust's control environment, including the policies and procedures implemented by the group and Trust to ensure compliance with the requirements of the financial reporting framework.

Report on other legal and regulatory requirements – the Trust's arrangements for securing economy, efficiency and effectiveness in its use of resources

Matter on which we are required to report by exception – the Trust's arrangements for securing economy, efficiency and effectiveness in its use of resources

Under the Code of Audit Practice, we are required to report to you if, in our opinion, we have not been able to satisfy ourselves that the Trust has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2022.

Our work on the Trust's arrangements for securing economy, efficiency and effectiveness in its use of resources is not yet complete. The outcome of our work will be reported in our commentary on the Trust's arrangements in our Auditor's Annual Report. If we identify any significant weaknesses in these arrangements, they will be reported by exception in a further auditor's report. We are satisfied that this work does not have a material effect on our opinion on the financial statements for the year ended 31 March 2022.

Responsibilities of the Accountable Officer

As explained in the Statement of the Chief Executive's responsibilities as the accountable officer of the Trust, the Chief Executive, as Accountable Officer, is responsible for putting in place proper arrangements for securing economy, efficiency and effectiveness in the use of the Trust's resources.

Auditor's responsibilities for the review of the Trust's arrangements for securing economy, efficiency and effectiveness in its use of resources

We are required under Section 21(3)(c) and Schedule 13 paragraph 10(a) of the Local Audit and Accountability Act 2014 to be satisfied that the Trust has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Trust's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

We undertake our review in accordance with the Code of Audit Practice, having regard to the guidance issued by the Comptroller and Auditor General in December 2021. This guidance sets out the arrangements that fall within the scope of 'proper arrangements'. When reporting on these arrangements, the Code of Audit Practice requires auditors to structure their commentary on arrangements under three specified reporting criteria:

- Financial sustainability: how the Trust plans and manages its resources to ensure it can continue to deliver its services;
- Governance: how the Trust ensures that it makes informed decisions and properly manages its risks; and
- Improving economy, efficiency and effectiveness: how the Trust uses information about its costs and performance to improve the way it manages and delivers its services.

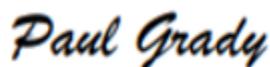

We document our understanding of the arrangements the Trust has in place for each of these three specified reporting criteria, gathering sufficient evidence to support our risk assessment and commentary in our Auditor's Annual Report. In undertaking our work, we consider whether there is evidence to suggest that there are significant weaknesses in arrangements.

Report on other legal and regulatory requirements – Delay in certification of completion of the audit

We cannot formally conclude the audit and issue an audit certificate for Buckinghamshire Healthcare NHS Trust for the year ended 31 March 2022 in accordance with the requirements of the Local Audit and Accountability Act 2014 and the Code of Audit Practice until we have completed our work on the Trust's arrangements for securing economy, efficiency and effectiveness in its use of resources.

Use of our report

This report is made solely to the Directors of the Trust, as a body, in accordance with Part 5 of the Local Audit and Accountability Act 2014. Our audit work has been undertaken so that we might state to the Trust's Directors those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Trust and the Trust's Directors as a body, for our audit work, for this report, or for the opinions we have formed.

Paul Grady, Key Audit Partner

for and on behalf of Grant Thornton UK LLP, Local Auditor
