Veteran Aware Information Leaflet

Buckinghamshire Healthcare NHS Trust (BHT) is proud to be a Veteran Aware healthcare provider.

Please let a member of staff know if you, or your spouse/partner, currently serve or have ever served in the UK armed forces so that we can best support your care needs.

Buckinghamshire Healthcare NHS Trust is a member of the Veterans Covenant Healthcare Alliance, sharing and driving best practice in NHS care for the Armed Forces Community.

The Armed Forces Covenant states that serving personnel, reservists, spouses and dependents should not face disadvantage compared to other citizens when accessing health services.

You and your family should not be at a disadvantage in accessing appropriate health services; for example, members of the Armed Forces Community in England and Wales who are patients on NHS waiting lists have the time already accrued taken into account when posted to a different location.

Veterans (anyone who has Served in HM Forces for 1 day or more, including National Service) may also be entitled to priority access to NHS care for health conditions associated with their time in service, subject to clinical need.

What you can expect from us:

- We are committed to ensuring no disadvantage and to giving special consideration where appropriate.
- We have educated and trained all relevant staff to identify and respond to the specific needs of the Armed Forces Community.
- We support the UK Armed Forces Community as an employer.

Here at Buckinghamshire Healthcare NHS Trust we will put you in touch, or refer you, to organisations and services best placed to help with information, advice and support.
