Areas of Good Practice identified

- Trust has an eLearning module to raise awareness and requirements of Emergency Preparedness and Major Incidents - All Trust colleagues are required to complete annually as part of their mandatory and statutory training.
- The Trust has effectively managed several incidents over the past 12 months which has enabled us to undertake post incident debriefs and produce post incident reports. These reports are supported by action plans, with timescales and accountable owners, and recommendations in order to update any relevant plans or procedures and identify any training or exercising required.
